

Date (MM/DD/YYYY)

08 / 21 / 2021

Dear Porsche enthusiast,

Thank you for taking the time and care to configure your Porsche. Given the vast array of options and color combinations, it is truly possible to create a vehicle that is as individual as you are. Something that our designers and engineers in Weissach, Germany go to lengths to ensure.

Decades ago, Dr. Ferdinand Porsche could not find the car of his dreams, so he built his own. This spirit continues to drive us to deliver to you the car of your dreams.

If you'd like to continue your journey toward owning a Porsche, your local authorized Porsche dealership is here to help. They have certified experts who can provide consultation on personalization via Porsche Exclusive Manufaktur or Porsche Tequipment vehicle accessories. As you would expect, they can also assist with finance and lease options.

You can locate and contact your nearest authorized Porsche dealership by visiting [www.porschedealer.com](http://www.porschedealer.com). From there, you are welcome to share your Porsche Code at the bottom of this letter and schedule a visit and a test drive.

Sincerely,

Your Porsche Team

## Porsche Taycan 4S Cross Turismo

PORSCHE

PORSCHE

**Important Information**

Although this image is intended to reflect your actual vehicle configuration, there may be some variation between this picture and the actual vehicle. Some items shown are European specifications.

PORSCHE

Technical data

Single-Speed Transmission on the Front Axle, 2-Speed  
Transmission on the Rear Axle

Motor

Power up to (kW)	360 kW
Power up to (HP)	482 hp
Overboost Power with Launch Control up to (kW)	420 kW
Overboost Power with Launch Control up to (HP)	562 hp
Max. torque with Launch Control	479 lb-ft

Fuel Consumption

EPA Disclaimer	EPA estimate. Actual mileage may vary.
Miles per gallon equivalent	76 MPGe

Range

Driving Range (EPA Estimate)	215 mi
------------------------------	--------

Charging<sup>1</sup>

Charging time for alternating current (AC) with 9.6kW (0 to up to 100%)	10.5 hrs
Charging time for direct current (DC) with 50kW (5 to up to 80%) <sup>1,1</sup>	93.0 min
Charging time for direct current (DC) with maximum charging power (5 to up to 80%) <sup>1,2</sup>	22.5 min

Body

Length	195.8 in
Width w/ mirrors folded	77.4 in
Width	84.4 in
Height	55.5 in
Wheelbase	114.3 in
Turning circle diameter	39.4 ft
Curb weight	5,033 lb
Gross Vehicle Weight Rating (GVWR)	6,360 lb
Maximum load	1,327 lb

Capacities

Front luggage compartment volume	2.9 ft <sup>3</sup>
Rear luggage compartment volume	15.8 ft <sup>3</sup>
Rear luggage compartment volume (w/ seats folded)	42.8 ft <sup>3</sup>

PORSCHE

**Technical data (continued)**

**Single-Speed Transmission on the Front Axle, 2-Speed  
Transmission on the Rear Axle**

**Performance**

**Top track speed**

149 mph

**0 - 60 mph with Launch Control**

3.9 s

<sup>1</sup> Charging

<sup>1.1</sup> To achieve the stated charging time for corresponding state of charge range, the following is required: a 50kW CCS DC fast charging station and a battery temperature range of 86°-95°F. For physical and chemical reasons, the charging speed decreases as the battery approaches its full capacity. Charging speeds over 80% state of charge are significantly slower and not recommended for daily use.

<sup>1.2</sup> To achieve the stated charging time for corresponding state of charge range, the following is required: a CCS DC fast charging station with > 270kW and > 850V and a battery temperature range of 86°-95°F. For physical and chemical reasons, the charging speed decreases as the battery approaches its full capacity. Charging speeds over 80% state of charge are significantly slower and not recommended for daily use. For regular fast DC charging usage, we recommend charging at 50kW stations.

## Standard equipment

---

### Transmission

- 2-speed transmission on the rear axle
  - Porsche Traction Management (PTM)
  - Porsche Recuperation Management (PRM)
- 

### Chassis

- Adaptive Air Suspension incl. Porsche Active Suspension Management (PASM) with Smart Lift
  - Integrated Porsche 4D Chassis Control
  - Increased ground clearance by 20 mm (0.78 in.) in comparison to the Taycan sedan
- 

### Brakes

- Front: 6-piston aluminum monobloc fixed brake calipers with 360 mm internally vented brake discs
  - Rear: 4-piston aluminum monobloc fixed brake calipers with 358 mm internally vented brake discs
  - Brake calipers painted in Red
- 

### Body

- Fully galvanized steel-aluminum hybrid lightweight bodyshell
- Hood, tailgate, door, side sections and front fenders in aluminum
- Full-surface aerodynamic underbody paneling
- Fixed panoramic roof in glass
- Extended wheel arches in Black
- Vertical air curtains on front fascia
- Roof spoiler painted in High Gloss Black
- Cross Turismo specific lower front valance with inlays in painted in Brilliant Silver
- Recessed door handles
- Side window trim in High Gloss Silver
- Cross Turismo specific sideskirts in Black with inlays painted in Brilliant Silver
- Exterior mirror lower trims and base in Black
- Porsche Active Aerodynamics (PAA) with active air intake flaps
- Cross Turismo specific rear fascia with integrated rear diffuser and inlays painted in Brilliant Silver
- "PORSCHE" logo integrated in rear light strip
- "Taycan 4S" logo on rear in High Gloss Silver
- Auto-dimming interior and exterior mirrors
- Electrically adjustable and heatable exterior mirrors
- Front wiper system including rain sensor and washer jets
- Heated rear windshield with "Auto-Off" function
- Preparation for rear bike rack

## Standard equipment (continued)

---

### Motor

- AC Permanent Synchronous Motors (420 kW/562 hp)
  - Performance Battery Plus (93.4 kWh)
  - 8 year / 100,000 mile high voltage battery warranty
- 

### Wheels and Tires

- 19" Taycan S Aero Wheels
  - Front: 9.0J x 19 ET50 wheels with 225/55 R19 tires
  - Rear: 10.0J x 19 ET47 wheels with 275/45 R19 tires
  - Tire Pressure Monitoring System (TPMS)
  - Wheel center caps with monochromatic Porsche Crest
  - Performance summer tires
  - Tire sealing compound with electric air compressor
- 

### Performance

- Sport Mode
  - Gravel Mode
  - Range Mode
  - Launch Control
  - Power Steering Plus
- 

### Lighting

- LED Headlights including Porsche Dynamic Light System Plus (PDLS+)
  - Four-point LED daytime running lights
  - Automatic headlight activation including "Welcome Home" lighting
  - LED Interior Lighting Concept: switch-off delay, interior lighting with reading spot lights (front), reading spot lights (rear left and right), footwell illumination (front and rear), luggage compartment lights (front and rear) and glove compartment light
  - Illuminated vanity mirrors for driver and front passenger
  - Interior ambient lighting
- 

### Comfort and Assistance Systems

- Lane Keep Assist (LKA) including Traffic Sign Recognition
- Cruise control
- ParkAssist (front and rear) with reversing camera
- Comfort Access
- HomeLink® programmable garage door opener

## Standard equipment (continued)

---

### Climate Control

- Advanced Climate Control (2-zone) with separate temperature settings and air volume control for driver and front passenger, extended footwell temperature control, automatic air recirculation mode including air quality sensor as well as comfortable control of the airflow via PCM
  - Parking pre-climatization including pre-conditioning of the battery
  - Thermally insulated glass all-round
  - Particle/pollen filter with active carbon filter
  - Windshield with grey top tint
- 

### Seats

- Power Seats (8-way)
  - Seat heating (front)
  - Integrated headrests (front)
  - 2+2 seating concept
  - Rear seats with folding center armrest and individually folding backrests (60:40)
- 

### Safety and Security

- 4 doors with integrated Side Impact Protection
  - Bumpers comprising high-strength cross members and two deformation elements, each with two threaded fixture points for towing eye
  - Full size airbags for driver and front passenger
  - Knee airbags for driver and front passenger
  - Side airbags in front and rear
  - Curtain airbags along entire roof frame and side windows from the A-pillar to the C-pillar
  - Rollover detection for activation of curtain airbags and seat belt pretensioners
  - Three-point automatic seat belts with pretensioners (front and outer rear seats) and force limiters (front)
  - Seat belt warning system for driver, front passenger and rear seats
  - Immobilizer with remote central locking and alarm system with radar-based interior surveillance
  - Warn and Brake Assist\*
  - \*Warn and Brake Assist cannot prevent most collisions, although it may help to reduce their severity. In addition, Warn and Brake Assist may not detect every object in the road. The system may not operate if certain evasive maneuvers are performed by the driver.
- 

### Instruments

- 16.8" curved display for driver including external touchscreen control panels for lighting and chassis functions
  - Center console with Direct Touch Control
- 

### Luggage Compartment

- Luggage compartment (front and rear)
- Storage compartments: glove box, front center console, between outer rear seats, doors (front and rear), sides of rear luggage compartment

### Standard equipment (continued)

- Four integrated cupholders (two front and two rear)
  - Clothes hook on B-Pillars on driver and passenger side
- 

### Interior

- Standard Interior
  - Door-sill guards in Brushed Aluminum
  - Manual adjustment of seat belt height for driver and front passenger
  - "Taycan" badge on the center console
  - Interior accents in Black
  - Roof-lining in fabric
  - Multifunction Sport Steering Wheel in Leather
  - Center console armrest in front with integrated storage compartment
  - Floor mats
  - Sun visors for driver and front passenger
  - 2 USB-C connectivity and charge ports in the storage compartment in the center console
  - 2 USB-C Charge ports in the rear
  - Smartphone compartment with inductive charging
  - Storage package which offers additional storage below the ascending center console in front, storage tray on the middle tunnel in the rear and a net bag and hook in the rear luggage compartment
- 

### Audio and Communication

- Porsche Communication Management (PCM)\* including Online Navigation, FM radio, Bluetooth connection, audio inputs, mobile phone preparation with Bluetooth® interface for telephone and music is included, radio with RDS twin-tuner and diversity for optimum reception, control of vehicle and comfort functions such as charging timers and climate settings, central display of notifications from the vehicle and connected external devices, voice control with natural speech interaction, activation via "Hey Porsche" and multimodal map operation Online navigation with: maps for the United States and Canada, 3D map display and 3D navigation map supporting city and terrain models with satellite image overlay, dynamic route calculation with online real-time traffic and route monitor for a clear overview of charging stops and traffic conditions
- Porsche Connect\*\* includes: online navigation (see Porsche Communication Management), music streaming and online radio, Remote Services, E-mobility services including charge management, control of vehicle parking pre-climatization or range management, a wide range of other Porsche Connect services
- Porsche Vehicle Tracking System (PVTs)\*\*\* includes: extended vehicle monitoring system, automatic theft detection with silent alarm connected to 24/7 security centre through vehicle, personal notification of customer to verify theft and secure vehicle in cooperation with local authorities
- Wireless Apple® CarPlay® and wired Android Auto
- Sound Package Plus with 10 Speakers and a total Output of 150 Watts
- SiriusXM® Satellite Radio (with 3-month trial) and HD Radio Receiver
- \*Requires Porsche Connect. For information on compatibility with the latest iPod® and iPhone® models, please contact your Porsche Dealer. Not available in all cities.
- \*\*The availability of Porsche Connect services is dependent on the availability of wireless network coverage which may not be available in all areas, and may be subject to eventual technology sunset or deactivation, thus nullifying services. The vehicle equipment necessary to use Porsche Connect is only available factory-installed, and cannot be retrofitted. Likewise, the vehicle equipment may not work with future mobile networks yet to be deployed. Some functions may require separate subscriptions, or data charges may apply.

### Standard equipment (continued)

- \*\*Porsche Connect includes a free subscription period of 36 months. The full range of Porsche Connect services or individual services thereof may not be available in some countries. An integrated LTE-enabled SIM card with data allowance for use of selected Porsche Connect services will be included in some countries. For use of the WiFi hotspot via the integrated, LTE-enabled SIM card, in some of these countries a data package is available to purchase from the Porsche Connect Store. For further information on free subscription periods, follow-on costs and availability of individual services in your country, please visit [www.porsche.com/connect](http://www.porsche.com/connect) or consult your authorized Porsche dealer
  - \*\*\*To use the PVTs, you need to purchase the Car Security Package from the Porsche Connect Store. For further information on follow on costs and availability in your country, please visit [www.porsche.com/connect](http://www.porsche.com/connect) or consult your Porsche Dealer
- 

### E-Mobility

- Plug and Charge capability
- Mobile Charger Plus
- Charge port on driver (AC) and front passenger side (CCS-Combo)
- On-board AC-charger with 9.6kW (AC)
- On-Board DC-Charger with 50 kW/400V (DC)
- 120 Volt supply cable for Mobile Charger
- 240 Volt NEMA 14-50 supply cable for Mobile Charger
- Heat pump
